OMB Approval No.: 1875-0180 Expiration Date: 07/31/2003

GEAR UP Annual Performance Report for Partnership Programs Program Year 2002-2003

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1875-0180. The time required to complete this information collection is estimated to average 35 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4651. If you have comments or concerns regarding the status of your individual submission of the form, write directly to: The GEAR UP Program, U.S. Department of Education, 1990 K Street, N.W., Suite 600, Washington, D.C. 20206.

SEC	TION I: PROJECT IDENTIFICATION	N, CERTIFICATIO	ON AND WARNING

	Email Address:						
6.	Report Period: Month/Day						
В.	Certification: We certify that the inform verifiable to the best of our knowledge.	nation reported herei	n is accurate, complete, and readily				
Nam	e of Project Director (Print)	Name of Certifying	g Official (Print)				
Signa	ature and Date	Signature and Date	 ;				
C.	Warning: Further Federal funds or other benefits may be withheld under this program unless this report is completed and filed as required by existing law (20 U.S.C. 1231a).						

SECTION II: DEMOGRAPHIC PROFILE OF PROJECT PARTICIPANTS

A.		MBER OF PARTICIPANTS YOU PROPOSED TO SERVE 02-2003, as indicated in award document)	NUMBER ——
В.	NUI	MBER OF PARTICIPANTS THIS SCHOOL YEAR	NUMBER
	(200	2-2003) A participant is a person who receives services directly	
		the GEAR UP project or as a result of school or other	
		ructional or service reforms supported by GEAR UP funds	
	`	eral and/or matching) The students who have received services in the	
		-2003 school year will be called the 2002-2003 GEAR UP participants in	
		bsequent entries.	
	1.	New participants, 2002-2003	
	2.	Continuing/returning participants (began previous school yr)	
	3.	Total participants	
C.	PAF	RTICIPANT DISTRIBUTION BY ETHNIC	NUMBER
	BAC	CKGROUND, 2002-2003	
	1.	American Indian or Alaska Native	
	2.	Asian	
	3.	Black or African American	
	4.	Hispanic or Latino	
	5.	White	
	6.	Native Hawaiian or Other Pacific Islander	
	7.	Total	

Instructions for "C" Above

These data are not mandatory but are extremely helpful to the Education Department in reporting on the "first generation" and ethnic characteristics of participants served by the program.

The race/ethnicity categories used in this section are consistent with the Department of Education's policy on the collection of racial and ethnic information. These categories are defined as follows:

American Indian or Alaska Native – A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliations or community recognition.

Asian – A person having origins in any of the original peoples of the Far East, Southeast Asia, and the Indian subcontinent. This area includes, for example, China, India, Japan, Korea, and the Philippine Islands.

Black or African American – A person having origins in any of the black racial groups of Africa.

Hispanic or Latino – A person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race.

White – A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

Native Hawaiian or Other Pacific Islander – A person having origins in any of the original peoples of Hawaii or other pacific islands such as Samoa and Guam.

D.	PAKI	ICIPANT DISTRIBUTION BY G	FENDER, 2002-200	3 NUMBER
	1.	Male		
	2.	Female

		11		
		12		
		TOTAL	*	**

^{*} Total should equal B1.

^{**} Total should equal B2.

F.	PARTICIPANTS OF LIMITED ENGLISH PROFICIENCY	
		Number

<u>Limited English proficiency</u>, with reference to an individual, means a person whose native language is other than English and who has sufficient difficulty speaking, reading, writing, or understanding the English language to deny that individual the opportunity to learn successfully in classrooms in which English is the language of instruction.

These data (E+F) are not mandatory but are extremely helpful to the Education Department in reporting on the characteristics of participants served by the GEAR UP program.

G.	PARTICIPANTS WITH INDIVIDUALIZED EDUCATION	
	PLANS (IEPs) as required by Individuals with Disabilities in	
	Education Act Amendment of 1997 (IDEA)	Number

H. PARTICIPATING SCHOOLS OR HOUSING PROJECTS

Please provide a list of schools participating in your GEAR UP project during this year (2002-2003 school year) indicating which grade each school offers. A participating school is a partner school identified in your GEAR UP application or award document or is a place where GEAR UP services are provided. Please include all schools you identified in your application, even if they do not yet have students participating in GEAR UP.

If project is serving a public housing authority, please provide the name of the public housing authority participating in your GEAR UP project during this year (2002-2003 school year).

SCHOOL OR HOUSING PROJECT NAME	SCHOOL LEVEL – grade levels offered in the school*	CITY	STATE	ZIP CODE

^{*} FOR SCHOOLS ONLY. Show all grade levels available in the school, regardless of whether they are served by GEAR UP separated by commas (e.g., 5, 6, 7).

SECTION III: GEAR UP SCHOOLS AND SERVICES

A. Table 1: School Level Data

Please enter the names of all partner schools in your GEAR UP project in the same order as in Section II Letter "I" above (list of schools). For each school, please show the percentage of students eligible for free or reduced price lunch, the grades in which GEAR UP is provided, and the total enrollment in those grades during this school year (2002-2003). For each housing project, please show the grades of the students served in the GEAR UP project and the total number of students from the housing project that are served by the GEAR UP project.

School Data, Table 1

2002-2003 School Year						
Percentage of						
	Students Eligible for					
School or Public	Free or Reduced Price	Grades Served by				
Housing Name	Lunch*	GEAR UP**				
1.						
2.						
3.						
4.						

^{*} FOR SCHOOLS ONLY. This information does not need to be reported for public housing sites.

^{**} Show grades separated by commas (e.g., 5, 6, 7).

B. Table 2: School Level GEAR UP Enrollment Data

Please enter the names of partner schools in the same order as in Table 1 above. For each school, please indicate the number of students that received services from GEAR UP this school year (2002-2003). If a participant is not enrolled in any participating school but is enrolled in GEAR UP, please use the next to last row to enter his/her data. **The students who have received services in the 2002-2003 school year will be called the 2002-2003 GEAR UP participants in all subsequent entries**. Please show the average and median hours of GEAR UP service received by participants at each school during 2002-2003. If you are providing estimates in any cell for average or median hours, please indicate by placing an asterisk (*) next to the estimate. GEAR UP services are services that are supported in full or in part by GEAR UP federal or matching funds. They include both direct services to youth as well as instructional or other services provided as a result of reforms supported through GEAR UP (such as curriculum or school reform).

Table 2: School-Level GEAR UP Participation Data

	2002-2003 School Year				
School or Housing Project Name	Number of GEAR UP Participants	Average Hours of GEAR UP Service per Participant Per year*	Median Hours of GEAR UP Service Per Participant per year*		
1.					
2.					
3.					
4.					
GEAR UP participants no longer enrolled in a partner school (exclude housing project students already listed above)					
TOTAL					

^{*} Report hours of services per participant for entire school year.

Please describe your project's record keeping system for collecting and reporting student outcome/achievement data and participation in GEAR UP activities. Specifically, what method(s) doe your project use to collect and maintain student, parent and teacher participation activities? In addition how do you link student outcome/achievement data with student participation? How does your project use the data collected to evaluate and guide the project?					

C. Table 3: GEAR UP STAFFING, All Funding Sources and Volunteers

Please show the staffing for this project. Please show the title of each staff member who worked on project development during 2002-2003 (e.g., curriculum development) or provided services to participants. Indicate his or her duties (using codes provided), whether the staff member was full or part time on the GEAR UP project, to which partner organization he/she belonged, and the source of funding for the position (GEAR UP and/or match, or neither). Please indicate whether this person was hired primarily to work on this project. Please list all persons who worked on this project on a regular basis, including volunteers, whether or not they were supported with Federal GEAR UP or explicit matching funds. For example, include college students who may have been working on the project under Work/Study, for course credit, or on a volunteer basis.

Table 3: Professional Staffing Table, 2002-2003 School Year

Title of staff member	Primary duties of staff member (see codes below)	Enter FT for full time, PT for part time on GEAR UP project	Name of Employing Partner	Source(s) of Funding for Position: G for GEAR UP, M for Match	Hired for GEAR UP Project? (Y or N)*

^{*} Enter NA if not employed for pay by any partner

Duties of Staff Members (enter 1-3 codes for each staff member in order of importance; separate codes with commas)

- 01 Administer GEAR UP project
- 02 Provide advising/counseling to GEAR UP participants
- 03 Provide instruction to GEAR UP participants
- 04 Provide tutoring to GEAR UP participants
- 05 Provide mentoring to GEAR UP participants
- 06 Provide other direct service to GEAR UP participants
- 07 Provide project development or design
- 08 Provide support or clerical service
- 09 Provide other professional service
- 10 Provide liaison services between GEAR UP school/providers (including public housing authorities) and parents of student participants
- 11 Provide professional development programs to GEAR UP teachers and other school staff

D. Table 4: GEAR UP Project Services

In the table, please indicate all services that your project provided in 2002-2003. Please refer to the accompanying list of possible services (Section VIII: The GEAR UP Service Codes, beginning on page 27 of this document) and enter the appropriate code numbers. If you provided services that do not appear on the list, please enter code numbers shown and describe those services as indicated. For each service that you provided, please indicate the number of participants that received the service and the average and median hours of that service per participant receiving the service (across all project sites). Please try and account for all service hours of your project. If you are providing estimates in any cell for average or median hours, please indicate by placing an asterisk (*) next to the estimate. GEAR UP services are services that are supported in full or in part by GEAR UP federal or matching funds. They include both direct services to youth as well as instructional or other service provided as a result of reforms supported through GEAR UP (such as curriculum or school reform).

Table 4A: Project Services for Students, 2002-2003

Service			2002-2003 School Year		
(to describe the service, enter a code number in each of the three columns. See "Service Codes" at end of report)			Number of GEAR UP Participants	Average Hours of Service Per Participant	Median Hours of Service Per Participant
Nature of	Timing of	Mode of	Receiving	Receiving	Receiving
Service	Service	Service	Service	Service per year	Service per year

(more rows will be added).

Note: The unique combination of nature, timing and mode or services should be entered on a separate line. For example, various types of staff may offer tutoring in math at different times of the day. If during the school day a teacher provides tutoring in math every day in a specially scheduled class and a project staff person offers another tutoring session in a small group three times a week after school, then the table above would be completed in the following manner. On the first line, code 01 would be entered under "Nature of Service," code 09 would be entered under "Timing of Service," and code 04 would be entered under "Mode of Service." On the second line, 01 would be entered under "Nature of Service," code 02 would be entered under "Timing of Service," and code 07 would be entered under "Mode of Service."

 Table 4B:
 Project Services for Parents, 2002-2003

Service			2002-2003 School Year		
(to describe the service, enter a code number in each of the three columns. See "Service Codes" at end of report)			Number of GEAR UP Parents	Average Hours of Service Per Parent	Median Hours of Service Per Parent
Nature of	Timing of	Mode of	Receiving	Receiving	Receiving
Service	Service	Service	Service	Service per year	Service per year

(more rows will be added).

E. Table 5: GEAR UP Scholarships

In the table, please indicate all scholarships that your project provided for postsecondary education in 2002-2003.

Table 5: Scholarships, 2002-2003

	Number of GEAR UP	
	participants receiving	
Year first enrolled in	scholarship for	Average amount of
college	postsecondary education	scholarship
1999-2000

2002-2003		
2002-2003		
2003-2004		
2004-2005		
2005-2006		
Total		

SECTION IV: GEAR UP STUDENT OUTCOMES

This section of the report asks you to provide outcome information for current participants (i.e., enrolled in the program in 2002-2003). Do not add on to data you provided in your last Performance Report but create a new table because individuals participating last year may have changed from "current" to "former" participants (or visa versa) this year. Because GEAR UP performance reports are due in May of each year it is not possible to report end of the school year grades and outcomes for current participants. As a result, the tables which follow generally request projects to report on the progress of current participants up to the time of the report or at the mid-point of the school year.

A. Grade Level Table 1, Academic Progress/Course Enrollment by Current Participants

For all grades served by your GEAR UP project, please indicate the number of 2002-2003 GEAR UP participants in each category. Please note that Table 1C requests projects to report the cumulative number of students who have enrolled in the listed courses (i.e., the number of students who have ever enrolled in algebra, geometry, etc.). All other tables request information on current educational progress.

Participant Outcome Tables

Table 1A, Current Participants, Successful Progress at Mid-Year in Middle School Courses, by Participant's Current Grade Level (2002-2003)

	Number of Current Participants (2002-2003)

12									
Total									

^{*} Includes Pre-Algebra or its equivalent or pre-requisite for Algebra.

(Note: In many schools the names for these math classes can vary. Classify classes based on the content of the class.)

B. Grade Level Table 2, Educational Progress by Current Participants

Please indicate the number of participants in each grade you served (during the 2002-2003 school year), who were performing at grade level or above at the mid-point of the school year (as indicated by standardized test or teacher assessment—<u>if teacher assessment</u>, <u>place asterisk next to number</u>). Report teacher assessments only if standardized tests are not available. Please also indicate the number of 2002-2003 participants who were repeating the grade they were enrolled in, had 5 or more unexcused absences during the first two quarters of the school year, completed high school, and/or enrolled in a postsecondary institution by the end of the reporting period. Please indicate the average mid-year GPA for GEAR UP participants (where calculated), and the number that took a college entrance exam (ACT or SAT).

Table 2, Current Participants, (status at end of 2002-2003 school year)

^{*} Please specify if the GPA is an academic GPA (e.g., restricted to core courses such as math, English/language arts, social sciences, science, and foreign languages), total GPA (includes courses in vocational education, physical education, performing arts, etc), or other.

C. Participant Educational Expectations and Knowledge of College Preparation and Financial Assistance

This section of the report asks you to provide information from student surveys you administered to all GEAR UP participants during the past academic year (2002-2003). The first table requests data on the accuracy of their knowledge of college costs by grade level. The second table requests other information asked on both the middle school and high school surveys, such as early planning for postsecondary education and educational expectations. The third table requests information on high school-level college preparatory behaviors. This table is only applicable to high school students.

Grade Level, Table 1, Knowledge of College Costs by Current Grade Level (2002-2003 school year)

For each grade, report the average cost of attending (i.e., tuition and fees only) a 4-year public college for one year in your state as reported by students. Indicate also the number of students within \$500 of the actual average of attending a 4-year public institution in your state.

	Number of	Cost of College Atte	endance (2002-2003)

Planning to apply to college Applied to 4-year					
Applied to 2-year					

D. Parent Knowledge and Participation in GEAR UP

This section of the report asks you to provide information from parent surveys you administered to all parents of GEAR UP participants during the past academic year (2002-2003). The first table requests data on the accuracy of their knowledge of college costs by grade level. The second table requests information on other items related to college preparation.

Grade Level, Table 1, Parent's Knowledge of College Costs by Current Grade Level of Student (2002-2003 school year)

SECTION V: PROFESSIONAL DEVELOPMENT

This section of the report asks you to provide information about the professional development activities that your project provided during the past academic year (2002-2003). Please enter the names of all schools served by your GEAR UP project in the same order as in School Level Data, Table 1.

Table 1, Numbers Receiving Professional Development, 2002-2003

School Name	Number of Teachers of GEAR UP Students	Number of Teachers of GEAR UP Students Participating in GEAR UP Sponsored Professional Development
School Ivallic	GEAR OF Students	Development
		1
TOTAL		

In the table, please indicate all services that your project provided in 2002-2003. Please refer to the accompanying list of possible services (Section VIII: The GEAR UP Service Codes, beginning on page 27 of this document) and enter the appropriate code numbers. If you provided services that do not appear on the list, please enter code numbers shown and describe those services as indicated. For each service that you provided, please indicate the number of participants that received the service and the average and median hours of that service per participant receiving the service (across all project sites). Please try and account for all service hours of your project. If you are providing estimates in any cell for average or median hours, please indicate by placing an asterisk (*) next to the estimate. GEAR UP services are services that are supported in full or in part by GEAR UP federal or matching funds. They include both direct services to youth as well as instructional or other service provided as a result of reforms supported through GEAR UP (such as curriculum or school reform).

Nature of Service	Timing of Service	Mode of Service	Description	Receiving Service	Hours of Service	Sessions

(more rows can be added).

SECTION VI: ADDITIONAL PROJECT PERFORMANCE GOALS

In this section please discuss your annual measurable objectives for Students, Parents and Teachers for the 2002-2003 School Year.

OBJECTIVE

OUTCOME

95% of middle school participants will participate in career exploration activities by the end of the school year

100% of middle school participants participated in career exploration activities by the end of the school year.

School reform efforts undertaken as part of this project (e.g., curriculum development, other professional development, linked courses, team teaching, etc.) are difficult to capture in quantitative reporting. Please use this section to indicate any school or classroom reform objectives that your project set for this year and what has been achieved. Provide specific information and data to support the accomplishment of each objective. If you did not meet any objective, please give a brief explanation of the reasons and what you plan to do to accomplish the objectives.

SECTION VII: OTHER RELEVANT INFORMATION

SECTION VIII: SERVICE CODES

GEAR UP SERVICE CODES

Please use one of each of the following three sets of codes (nature, timing, mode) to describe each service you provide to students as reported in the GEAR UP Project Services Table. (Section III, Table 5)

NATURE OF SERVICE

Please select the service nature/activity code that most closely describes the project activity. Try not to use the "other" categories unless absolutely necessary. Some project activities may entail multiple services. For example, a summer program might include tutoring, instruction, and mentoring. For such activities, please code each service individually (e.g., math tutoring, general mentoring, etc.), but use the "timing" codes that indicate that the service is occurring as a summer offering (e.g., two week summer session).

01	Tutoring, math: Supplemental assistance with coursework
02	Tutoring, English: Supplemental assistance with coursework
03	Tutoring, other academic subject(s). Subject:
04	Tutoring for a school, district, or state required standardized test (Iowa Test of Basic Skills (ITBS), Stanford 9, etc.)
05	Tutoring for SAT, ACT, or other college entrance exam. Indicate test
06	Tutoring, other. Please describe
07	Tutoring, additional other Please describe
08	Computer assisted lab, English. Supplemental assistance with coursework where students use computer programs as the primary means to learn subject matter (a resource person may also be present, however).
09	Computer assisted lab, math. Supplemental assistance with coursework where students use computer programs as the primary means to learn subject matter (a resource person may also be present, however).
10	Computer assisted lab, other academic subject. Supplemental assistance with coursework where students use computer programs as the primary means to learn subject matter (a resource person may also be present, however). Subject:

11	Computer assisted lab, preparation for standardized test. Supplemental assistance to prepare for test where students use computer programs as the primary means to learn subject matter (a resource person may also be present, however). Test
12	Computer assisted lab, other. Please describe
13	Other academic support service Please describe
14	General mentoring. Mentor meets and pursues activity with a student on a regular basis. Mentoring is one-on-one and its aim is to provide role model, inspire student, expose student to new activities, ideas, encourage collegegoing. It is not primarily instructional assistance.
15	Professional mentoring. Student works with professional in a field on a joint project
16	Other mentoring Please describe provider and activity
17	Classroom instruction, English, based on redesigned or reformed curriculum.
18	Classroom instruction, English, smaller class size
19	Classroom instruction, English, other innovation, Please describe
20	Classroom instruction, math, based on redesigned or reformed curriculum
21	Classroom instruction, math, smaller class size
22	Classroom instruction, math, other innovation. Please describe
23	Classroom instruction, study skills (such as test taking, note taking, reading for meaning, etc.) based on redesigned or reformed curriculum,
24	Classroom instruction, study skills, (such as test taking, note taking, reading for meaning, etc.) smaller class size
25	Classroom instruction, study skills, other innovation. Please describe
26	Classroom instruction, other subject area. Please describe subject and innovation_
27	Other classroom instruction Please describe subject and innovation

	project role
29	Counseling, personal: Student is provided with assistance in solving personal or family issues.
30	Counseling/advising for college, including college choices, entrance requirements, financial assistance. This activity might also be called academic advising.
31	Counseling/advising, career. Student is provided with assistance aimed primarily at finding about careers or vocational opportunities.
32	Other counseling. Please describe
33	Workshop on college preparation: choosing a school, entrance requirements, and financial assistance. Meeting or conference that presents information on what is necessary to attend college.
34	Workshop, study skills. Meeting or conference that presents information on how to prepare for exams, take notes in class, manage time, use computers to study, etc.
35	Workshop, careers. Meeting or conference that presents information on educational or other requirements for one or more careers or occupational fields.
36	Workshop, other. Please describe
37	Workshop, additional other Please describe
